ARHA

Alexandria, VA., On November 1, 2010 - The Alexandria Redevelopment and Housing Authority (ARHA) is proud to announce that they refinanced the Hopkins –Tancil Court Apartment Complex. The refinancing saves the Authority \$120,000 annually. These funds will allow ARHA to reduce debt service cost and provide additional funds for future improvements and updates to the project.

ARHA continues to find cost saving measures that will allow us to maintain our properties and expand and create new initiatives to assist our residents on their journey to self sufficiency.
